

AWARD WINNING FIRST AID TRAINING

Giving you the confidence to help save life

Course Profile

Emergency First Aid for Parents

Duration

2-3 hours

The course aims to teach delegates basic aspects of dealing with emergencies, with an emphasis on those occurring in the home.

Handling 'life threatening' situations is covered as well as recognising and responding to some of the more common ailments that may be encountered at home.

Objectives

On completion of the course, delegates will be able to recognise and deal with:

- Managing an Emergency situation
- Administer First Aid to an unconscious casualty (including seizures)
- Administer CPR
- Choking
- Management of a wounded & bleeding casualty
- Administer First aid to a casualty suffering from shock
- Provide appropriate First aid for injuries (including small cuts, grazes and bruises, small splinters).

Group discounts available if booked with other First Aid courses.

Ask your sales Representative or call us
